Tips on Tweet Protocol, and Setting Up and Using Your Tweets

Tweet Protocol

Twitter works to build your online presence when you tweet a nice balance of educational, inspirational and promotional tweets. With these tweets you can tweet two times per day and have an entire month's worth of communication!

As with all Ready2Go products, we encourage you to read through the tweets and customize them further where you can. Be sure to stay within the 140-character limit.

And remember to respond to other people's tweets on other topics, thank people when they retweet your tweet, and retweet other people's tweets too. (How's that for a mouthful?)

Creating Shorter URLs in Your Tweets

When promoting an event, blog post or special offer, you will include a URL for that offer in your tweet. URLs take up a lot of characters, so you may need to shorten them to allow more characters for your message.

To shorten your tweets, you can use free services like tinyurl.com or budurl.com. [Budurl.com](http://budurl.com) is a nice service to use because it allows you to keep record of the longer link and the shorter link. Some tweeting platforms, such as tweetdeck.com allow you to automatically shorten your URL when you post your tweet.

Setting Up Your Tweets

So that you do not have to manually post your tweets every day, there are free applications in which you can load your tweets and have them automatically tweeted. Two of those applications include socialoomph.com and hootsuite.com. They are easy to set up and use.

Using Your Tweets

Social networking as a marketing strategy is here to stay. Tweeting on a regular basis, growing your tweet following and communicating with others, is a great way to gain exposure.

Use these tweets to provide valuable information that others will read. Also use them to promote your various marketing activities to grow your list and attract people to your events.

We recommend using your Thriving in the Midst of Change tweets in conjunction with the Ready2Go Thriving in the Midst of Change product bundle (<http://www.Ready2GoMarketingSolutions.com>) and Ready2Go Articles on change (<http://www.Ready2GoArticles.com>), as these tweets coordinate with them. This means you can use these tweets to promote:

- A blog post from one of our Success Tips on Thriving in the Midst of Change
- Your special offer (e.g., our "Transitions and Transformations – Thriving in the Midst of Change" special report)
- An upcoming teleseminar or other training program (such as our "Thriving in the Midst of Change" teleseminar or workshop)
- A Ready2Go article posted on your website, blog or online newsletter

We have provided suggestions for promotional opportunities within the tweets; however, modify them to best fit your offers and events.
