Tips on Tweet Protocol, and Setting Up and Using Your Tweets

Tweet Protocol

Twitter works to build your online presence when you tweet a nice balance of educational, inspirational and promotional tweets. With these tweets you can tweet two times per day and have an entire month's worth of communication!

As with all Ready2Go products, we encourage you to read through the tweets and customize them further where you can. Be sure to stay within the 280-character limit.

And remember to respond to other people's tweets on other topics, thank people when they retweet your tweet, and retweet other people's tweets too. (How's that for a mouthful?)

Creating Shorter URLs in Your Tweets

When promoting an event, blog post or special offer, you will include a URL for that offer in your tweet. URLs take up a lot of characters, so you may need to shorten them to allow more characters for your message.

To shorten your tweets, you can use free services like tinyurl.com or bitly.com. Twitter also allows you to automatically shorten your URL when you post your tweet.

Setting Up Your Tweets

So that you do not have to manually post your tweets every day, there are free applications in which you can load your tweets and have them automatically tweeted. Two of those applications include socialoomph.com and hootsuite.com. They are easy to set up and use.

Using Your Tweets

Social networking as a marketing strategy is here to stay. Tweeting on a regular basis, growing your tweet following and communicating with others, is a great way to gain exposure.

Use these tweets to provide valuable information that others will read. Also use them to promote your various marketing activities to grow your list and attract people to your events.

We recommend using your tweets in conjunction with the Ready2Go products. (<http://www.Ready2GoMarketingSolutions.com>) as they coordinate together. This means you can use these tweets to promote:

- A blog post from one of the Success Tips.
- Your special offer (e.g., the special report or audio training program on this topic)
- An upcoming webinar or self-study course on this topic

We have provided suggestions for promotional opportunities within the tweets; however, modify them to best fit your offers and events.

New Beginnings Tweets

New Beginnings – Tweets

1. Three clues it may be time to start over. 1. Chronic rumination of the past. 2. The thrill is gone from what was once your passion. 3. Enduring a cycle of starting/abandoning new plans. Is it time for something new?
2. Has your 'groove' become a rut? It might be time to bump that needle. What single, small action could you take today that would rock your boat just enough to move your needle? You don't have to settle for 'good enough'.
3. *"If you don't like the road you're walking, start paving another one."* Dolly Parton
4. Pursuing something new can be lonely. Seek out sources of encouragement to keep you inspired. Books, movies, motivational speeches, podcasts can all provide nourishment and help remind us we're not alone in our quest.
5. Job, relationship, or financial loss? Sometimes we must start over. Here's how to make it a blessing. 1. Grieve the loss. 2. Make the most of the things you didn't have time for before the change. 3. Remember, it isn't always personal. Sometimes things just don't work out.
